A sidebar on the right identifies the "Local Organizing Committee for 20th International Congress on Animal Reproduction (ICAR2026)". The main content area is titled "New Submission - ICAR 2026" and contains a box with the following deadlines:

Below this, a section titled "Log-in or Create a New Account" features a green button labeled "Log in / Create a new account". A red speech bubble with the word "Here!" points to this button. To the right, a section titled "Do you already have 'A-Pass (formerly Confit account)'?" explains that the A-Pass is a reusable account and provides a link for more details.

Do you already have "A-Pass (formerly Confit account)"?

A-Pass is an account that can be used repeatedly at other meetings and at future meetings using "Confit". If you don't, just create a new account.

A-Pass eliminates the need to create an account for each meeting and to manage multiple email addresses and passwords.

For a detailed explanation of A-Pass, please click [here](#).

The screenshot shows the 'A-Pass (formerly Confit account) Login / Creating an account' page. It features two main sections: 'Check for an account' and 'Create a new account'. The 'Check for an account' section has a text input field and a button labeled 'Check for an account' with a right arrow. The 'Create a new account' section has a text input field and a button labeled 'Create a new account' with a right arrow. To the right, there is a 'Log in' section with an 'Email address' input field containing 'xxxxxx@ec-mice.com', a 'Password' input field with masked characters, a 'Forgot Password?' link, and a green 'Log in' button with a right arrow. A link 'If you cannot log in' with an external link icon is at the bottom of the login section. Two red callout boxes are overlaid: one on the left pointing to the 'Create a new account' button, and one on the right pointing to the 'Log in' button.
